# Welcome

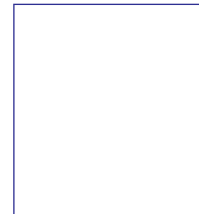

## Hello....

We founded Bethel Mission School in 2005 at Chapra in Branch with mind of "Service to man is service of God" alongside quality education that would prepare children for a life of excellence.

Over the years, we've seen the significance of combing traditional moral and ethical values with education as our students have excelled in their careers and family life, In more recent years, we've built upon our success by extending our school to include an Early Years provision.

Bethel Mission School continues to be an extension to Christian, home and builds on our nation's traditional values to help children mature in character, academic ability and most importantly, their relationship with God.

We also welcome children of all ages and communities and trust that they will be inspired for life at for life at Bethel Mission School.

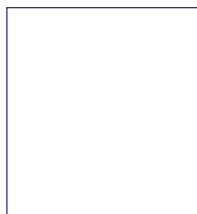

P. Raghupathy, Director

## A word from the Principal

# All About Us

Confidence

Concise

Steps

Navigating your child's education

## Our History

Bethel Mission School is a Christian institution founded by Raghu & Rathi to cater for children of Christian and None Christian parents who were seeking an alternative board education. This aim is being achieved through formal education with the help of ethics which aim at harmonious development of the mental physical and spiritual facilities of man. We have seen the success of (Christian) education through our school-leavers who developed into dedicated, grounded, confident, self-motivated, individuals, well qualified to accomplished their unique destinies.

## Our Mission

Helping children discover their life's purpose and equipping them with Godly character for their unique journey.

## Our Vision

Inspiring children for life, equipped with the courage, confidence and tools to succeed.

## We Aim To

Build positive relationships with parents in the best interest of their children. Care for each child in a safe, loving environment.

Encourage each child to behave responsibly and respect their peer, staff and others.

Provide opportunities for each child to identify and develop their skills and use their gifts.

Forester the intellectual, social, physical, moral, creative and spiritual development of each child.

# What We Value

## Our Values

Our Core Values are encompassed in five keywords :- Children, Integrity, Community, Love and Respect.

### Children

At Bethel Mission School, we value children for who they are. Full Stop! we love, accommodate, embrace and encourage children from all nationalities. We understand and accept that every child is unique; we are not based or prejudiced. We educate children to excel academically and strongly encourage them to develop their gifts and ability.

### Integrity

Integrity is integral to our school. We are authentic and real and reflect this in all areas of school life. We are who say we are, and we do what we say, We say we will do. We facilitate an environment for students to learn and develop integrity by taking responsibility for their own learning through goal setting and self- assessment.

### Love

The school community is very much a family where each individual member celebrated. The family environment enables teachers and pupils to grow in their faith and in relationship with one other. No child is isolated; we believe their highest potential. Core family values are promoted and adhered to as we educate children to be responsible towards each other.

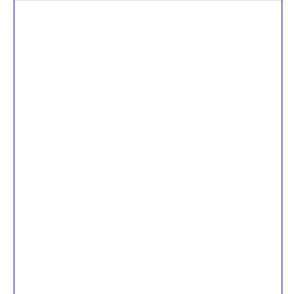

### Respect

We are a school that upholds respect for self and others; bullying of any kind not tolerated. We esteem and appreciate each other, which encourages open and polite communication across all age ranges. Classroom teaching, activities and discussion are all underpinned with mutual respect.

# About the Curriculum

## Our Curriculum

### Early Years (Nursery & Reception)

Our Early Years class follows the Early Years Foundation Stage (EYFS) curriculum. It is based on ongoing observation and assessment of the following :

#### **Prime Areas of Learning :**

Communication, Language, Physical Development and Personal Social & Emotional Development.

#### **Specific Area of Learning :**

Literacy, Mathematics, Understanding the World and Expressive Arts and Design.

#### **Characteristic of Effective Learning :**

Playing and exploring, active learning and creating and thinking critically.

Assessments are based on the observation of daily activities and learning that a child demonstrates spontaneously, independently and consistently in a variety of contexts. Many perspectives, including those of the child, parents and other adults who have significant interactions with the child, are taken into account.

# The School, Your Child and You

## The School and Your Child

Bethel Mission School is designed to cater for the individual. We are not a 'special needs' school as regards to Special Educational Needs, but this can be discussed if required.

We are a school that takes your child and your child's welfare and development as a whole person very seriously. We respect each child's need to be treated as an individual and as a child. However, each child is encouraged to cultivate team skills and social development as part of their growing process.

We provide a family environment where children can grow in the security of knowing that school is an extension of a loving home, not an institution merely driven by results and league tables.

Perhaps, most importantly, Bethel Mission School caters not only for the educational needs of your child but also for their physical, emotional and spiritual development. Success for your child as God intended will only be achieved if the school, student and parents work in partnership.

Homework is sent home on a regular basis and we expect parents to assist their child and check that all work is done. Failure to do homework will result in a demerit and possibly an after school detention.

We are committed to every child's progress and we expect the best outcome for each

*"We provide a family environment where children can grow in the security of knowing that school is an extension of home, not an institution merely driven by results and league tables."*

## The School and You

Good communication is vital and we maintain close contact between home school by using a return envelope system. Parent consultations are held at least once a term. Much of the student's learning encourages parent participation. School/Parent co-operation is vital and we encourage parent participation in the whole curriculum and extra-curricular activities.

## The School Environment

The school provides an environment where learning is stimulating, supported and rewarding. Small class sizes ensure individual attention and the structure is conducive to study and academic advancement as well as enjoyment of 'school days'. A wide variety of extra curricular activities are provided and enjoyed.
